Highly Applicable	State	Grant	Public Facilities and Infrastructure: Grant size is limited to \$245,000	match equal to or exceeding 20%* sent contact form re match needed	Public facilities and downtown revitalization grant applications are due the Friday before Thanksgiving	Only counties or incorporated cities with a population under 50,000 are eligible to apply for Idaho CDBG funds.	We do have a parks set aside within our CDBG program and, from what you described, a park restroom on the newly acquired city land could be eligible. Our parks set-aside focuses on playground equipment, ADA accessibility, splash pads, courts, and restrooms. To be eligible, the city would have to meet income eligibility requirement of being >51% low-to-moderate income. Our current data indicates the city is 61.6% LMI but we could be getting new data next year. The project would also have to be within city limits. The grant limit is \$245,000 and applications are due annually in September. We have done a number of CDBG projects in Priest River (the most recent one being a water project) so the city is familiar with the process. Applications would come to us directly from the city. Feel free to call me if you want to discuss this further. Thank you, Tony J.
